

Lincoln Police Department Monthly Report

October 2017

Crime Mapping

The Lincoln Police Department is pleased to introduce to our community another great way of being involved at keeping our community safe. We have taken advantage of a free service from Motorola to map crimes in our community called CrimeReports available at <https://www.crimereports.com/>

We want you to be informed and we need your help to control crime. With this service you will have the opportunity to register your address, which is not shared with us. Once you do, you will receive notifications of certain crimes near you and any updates on sex offenders near your registered address.

You will also be able to provide tips on crimes that may have happened near you, like a suspicious vehicle that was driving around the morning of a certain crime. You can also register your video surveillance cameras so we know where there can be possible evidence to help us solve crimes.

We are only listing property crimes; burglaries, thefts, and criminal damage. This is not a representation of all the crimes we investigate on a daily basis as we do not want to provide details on crimes where they are personal, like domestic batteries or sexual offenses.

MONTHLY STATISTICS

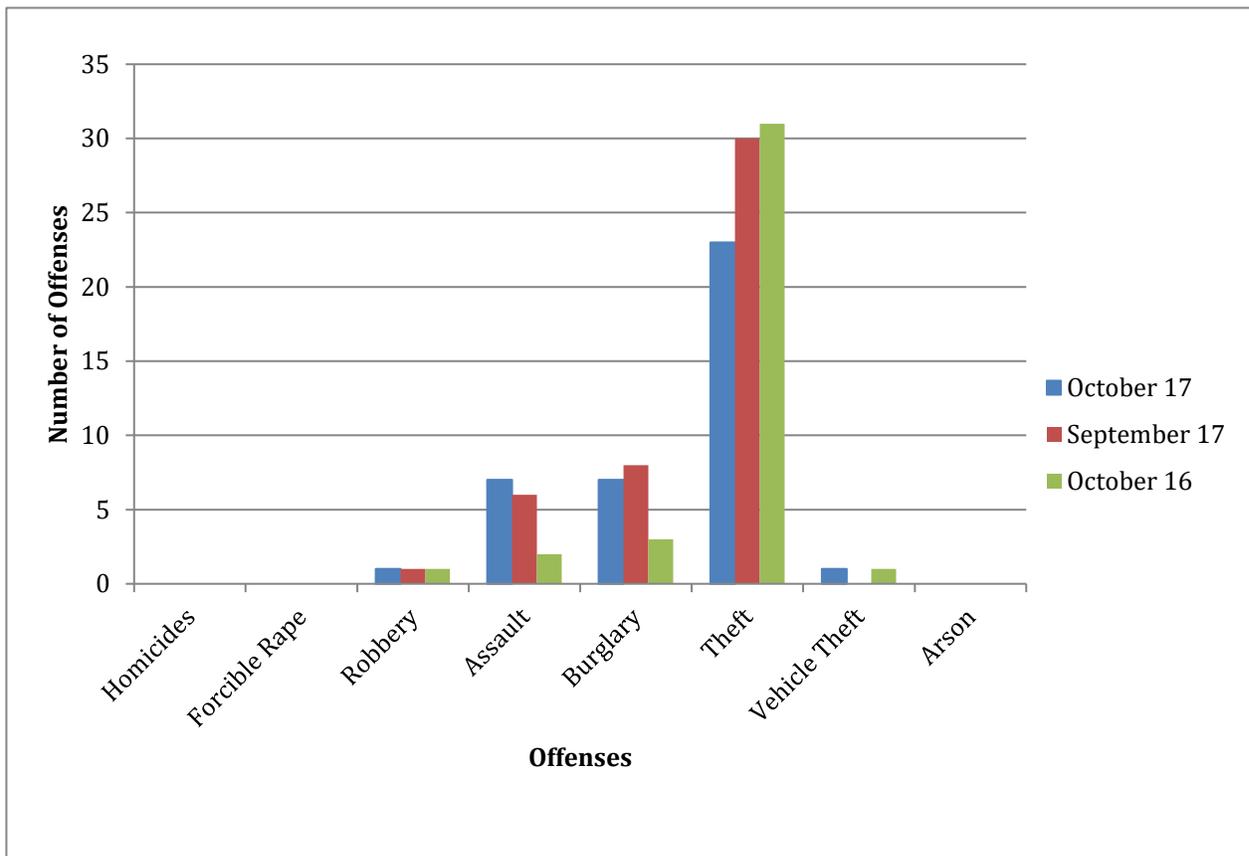

Uniform Crime Reporting (UCR)

UCR is the reporting system that the State of Illinois uses. These statistics are sent to the FBI to be included in the Federal UCR statistics. These statistics include the most major crimes. Although the State of Illinois has many offenses some are grouped together for these stats, for instance battery is included in assaults.
